C.V.R.
3.12.29.

The Secretary.

Miss Eardley Wilmot saw me several weeks ago, & again wrote to me recently on the subject of posting her to this hospital for Electrical work & massage. I said to her at the time that there is no doubt that such work is of great value in an hospital, and that apart from the massage & electrical treatment of cases of paralysis or weakened by lying up, there are constant considerable work in massaging fractures & joints which have become stiff in the course, or from other causes. At present, the assistant radiographer attends to cases which require Ionization, Diathermy, Electrical Stimulation, but there is ample work for him & do in the X ray department, so that the Physiotherapy could well be undertaken by one like Miss Wilmot, who is specially trained for this work. And certainly since I commenced, the demand for this work has greatly grown, and in any case, there is a few hours work a day for anyone qualified in such work.

No. 11934
4/12/29

On consulting our Statement of authorised Savings, a sum of Rs 5,600/- is shewn as Surplus under "Establishment Charges." The Resident has the power to create a post up to Rs 500/- per mensem. As a Masseuse Sister, having studied for many years & done work in other hospitals for some years, receives at the end of this period, a Salary Commencing at Rs 160/-, it would not be advisable to start Miss Wilmot at a salary so high as this. - except that as we have no arrangements for providing her with Quarters, the inclusive salary might average say Rs 150/- She would live outside, and be a visiting physiotherapist, & be permitted private practice.

+ ref. p. 48 Special Rules & Orders related to the Duties of the Asstt. Surgeon Bangalore.

2

Please see notes on the preceding page.

If it should be decided to agree to the suggestions of the Residency Surgeon, it is submitted that , so far as the remaining part of ~~this~~ the current financial year is concerned , there will be no difficulty on ~~account~~ the score of funds, as the necessary expenditure which is small can be met by savings in the Assigned Tract budget. In regard to next year, recourse ~~should~~ would have to be had to re-appropriation, as no provision for an appointment of the kind has been suggested to the Govt. of India.

I have long thought that there should be a development of this type in the B.&C. hospitals & it is a very good opportunity to make an experimental start.

We might consult the P.H. Officer regarding whether there is any objection to sanctioning the appointment of a visiting Physio-therapist, on 150/- a month, with free quarters or house-allowance. (I don't know whether any uniform or the allowance is recommended by the R.S.) The term of the appointment, pro tem, till March 31st 1930.

11/12/29.

It is clear that Resident has power to sanction the creation of the temporary post proposed.

8

If any "uniform" allowance or any other compensatory allowance is to be attached to the post, it will require the sanction of the Government of India.

The Residency Surgeon, who suggested an inclusive salary of Rs.150/-, probably did not intend the payment of any such allowance. The point may perhaps be made ~~xxxx~~ clear

12.12.29

To the Secretary,

I had not intended to ask for any uniform or Compensatory allowance for the post.

2). It might be well to enquire from Miss Cardley Wilmot whether she would be prepared to accept Rs 150/- per mensem and a temporary post, before we proceed further. This I shall now do, if desired.

13.12.29.

12.354
14/12/29

Perhaps the Residency Surgeon may be requested u.o. kindly to enquire from Miss Eardley Wilmot as above.

C.V. Ramanathan
14.12.29

Secretary

Miss Eardley Wilmot indicated to me personally a few days ago that she would accept this post: however, she might be asked to ascertain this officially from herself.

The Secretary,

I have written to Miss Eardley Wilmot. She remarks that Rs 150/- will not keep & feed & clothe her, She is inclined to accept it. Also I have written a letter to Dr. Subba Rao, Senior Surg Off, My Sec State, asking that, if he has any use for part time Services of a Sty Stenographist, he might employ & part pay Miss Eardley Wilmot. Meanwhile, Miss E. W. will have quarters & food at the Lemana Hospital.

12.12.29.

17/

A draft order is submitted. Perhaps nothing need be said in the order about the appointment of Miss. Eardley Wilmot, as the actual appointment may be left to the appointing authority, i.e., the Residency Surgeon who will no doubt make the intended appointment.

Dear Dr. Pears.

Colonel Dr. Pherson advised me, some time ago, to go & see you about the possibility of starting a Massage & Electrical Dept at the Lady Curzon Hospital but I lacked the courage, I'm afraid! He says it is badly needed but up to date no such department or post has been created.

In all probability I am going to work at the Zenana Hospital temporarily & if I go, it will be sometime next week & once there - it will be more

Subject:-
Purchase of Wantz Multi Wave Generator.

Sir,

With reference to my note dated 26th.March 1930, the Wantz Multi Wave Generator supplied for experimental purpose to the Bowring & Lady Curzon Hospitals for trial in the new Physiotherapy Annexe has now been in use for about three months and has proved of very great use. The cost of the machine is Rs 2400/- which amount is larger than we can pay without referring the matter for sanction to the Govern-ment of India, as the amount exceeds Rs 1000/- to which the Hon'ble the Resident is entitled to grant local sanction. I have the honour therefore to request you to very kindly put up the proposition to the Government of India. Reference may be made to the remarks of the Hon'ble the Resident in File No. 70 of 1930 (363 of 1929) in which the matter of a Physiotherapy room was discussed. The Hon'ble the Resident was very strongly in favour of the development of such a department in this hospital. We have already managed to supply at a very nominal rate most of the other apparatus necessary to carry on all ordinary physiotherapeutic treatments.

I have the honour to be

Sir,

Your most obedient servant,

Residency Surgeon.... BANGALORE.

To,

The Secretary to the Resident,
in Mysore, BANGALORE.

Subject:- Local purchase of Wantz Multi Wave Generator.

Sir,

S-M. 6

With reference to your letter No 4751/363-1929 dated the 12th June 1930 I have the honor to inform you that the price and quality of the Wantz Multi Wave Generator are not unfavourable as compared with those at which a similar Generator could be obtained through the Store Department ,London.

The important reason for making the local purchase of this Generator is that the technical service of the Expert of the Company is free to the Institution. Further there was an opprtunity for us to try the Generator before an offer was made . Under these circumstance local purchase is more advantageous than procuring the apparatus from London.

The amount Rs 2400/- could be met from Account 111 Medical & Public Health A- Medical - Hospitals and Dispensaries . 6 - Other Expenses of 1930-31.

I have the honor to be
Sir,
Your most obedient servant

The Hon'ble Lieutenant Colonel R.J.C. Burke,
RESIDENT IN MYSORE.

To

The Political Secretary to the Government of India.
Foreign and Political Department.

Bangalore, the 27th August, 1930.

PURCHASE OF WANTZ MULTI-WAVE GENERATOR.

Sir,

I have the honour to recommend the local purchase of a Wantz Multi-Wave Generator for the use of the Bowring and Lady Curzon Hospitals, Bangalore

2. In December 1929 the Hon'ble Mr. Peara sanctioned the creation of a temporary post of a Visiting Physiotherapist on Rs.150/- per mensem for the Bowring and Lady Curzon Civil Hospitals, Bangalore, up to the 31st March, 1930, for electrical work and massages, on the ground that he considered that there should be a development in this direction in the Bowring and Lady Curzon Hospitals, and that an experimental start should be made.

3. A special effort is being made to provide a Physiotherapy Annexe for the treatment of paralysis, sprains, fractures, rheumatic affections, etc., and some apparatus has already been installed. The Residency Surgeon, Bangalore, reports that a Wantz Multi-Wave Generator, which was supplied by the International General Electric Company, Bombay, at their own expense for demonstration purposes, in the new Physiotherapy Annexe in the Bowring and Lady Curzon Hospitals, has now been in use for about three months and has proved to be of very great use. The cost of the machine is Rs.2,400/- and it is proposed to purchase it.

4. It is understood that the price and quality of the Wantz Multi-Wave Generator compare not unfavourably with those of a similar generator, if obtained through the Store Department, London. The important reason for purchasing this Generator locally is, however, that the technical service of the Expert of the International General Electric Company will be free to the Institution, and also that there has been this opportunity to try this type of the Generator and to make certain that it is suited to local requirements.

In this connection it may be mentioned that in Memorandum No.F.284-A/28, dated the 5th December, 1928, the Government of India in the Foreign and Political Department sanctioned the local purchase of the X-Ray equipment of the Bowring and Lady Curzon Hospitals, Bangalore, from the International General Electric Company, Bombay, at a cost of Rs.25,600/-, and they would offer the same service in the present case.

5. In the circumstances I request that the Government of India may be pleased to sanction the local purchase of a Wantz Multi-Wave Generator, 220 volts - 60 cycles - now in use in the Bowring and Lady Curzon Hospitals, Bangalore, at a cost not exceeding Rs.2,400/- (Rupees two thousand four hundred only) for the use of the hospitals.

6. The expenditure will be met from the allotment in the current year's Assigned Tract budget under the head "Account III - Medical and Public Health - A. Medical Hospitals and Dispensaries - A.6 - Other expenses".

I have the honour to be,
Sir,
Your most obedient servant,

4. It is understood that the price and quality of the Wantz Multi-Wave Generator compare not unfavourably with those of a similar generator, if obtained through the Store Department, London. The important reason for purchasing this Generator locally is, however, that the technical service of the Expert of the International General Electric Company will be free to the Institution, and also that there has been this opportunity to try this type of the Generator and to make certain that it is suited to local requirements.

In this connection it may be mentioned that in Memorandum No.F.284-A/28, dated the 5th December, 1928, the Government of India in the Foreign and Political Department sanctioned the local purchase of the X-Ray equipment of the Bowring and Lady Curzon Hospitals, Bangalore, from the International General Electric Company, Bombay, at a cost of Rs.25,600/-, and they would offer the same service in the present case.

5. In the circumstances I request that the Government of India may be pleased to sanction the local purchase of a Wantz Multi-Wave Generator, 220 volts - 60 cycles - now in use in the Bowring and Lady Curzon Hospitals, Bangalore, at a cost not exceeding Rs.2,400/- (Rupees two thousand four hundred only) for the use of the hospitals.

6. The expenditure will be met from the allotment in the current year's Assigned Tract budget under the head - - "Account III - Medical and Public Health - A. Medical Hospitals and Dispensaries - A.6 - Other expenses".

I have the honour to be,
Sir,
Your most obedient servant,

ASB/4.8.

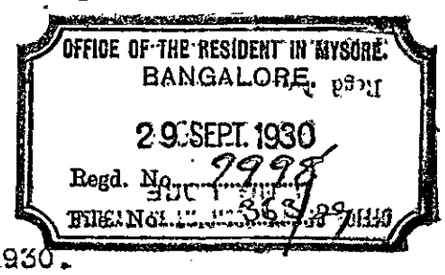
From - The Under Secretary to the Government of India
in the Foreign and Political Department,

To - The Hon'ble the Resident in Mysore,
Bangalore.



Memorandum No. F.360-A/30.

Dated Simla, the 24th September 1930.

Proposal to purchase a Wantz Multi-Wave Generator.

Reference your letter No. 6149/363-1929, dated the 5th August 1930.

2. It has been ascertained that a Sunic Universal Earth Free Apparatus wound for 220Volts A.C. -50 Cycles, the stock book value of which is Rs. 556/5/- and which is stated to be in perfect condition, is available for issue from the X-Ray Institute of India, Dehra-Dun. This apparatus is used for physiotherapy purposes and gives Galvanic, Faradic and Sinusoidal currents and has arrangements for cautery and light. In addition, the instrument can be used for slow wave currents with a Lewis Jones Rhythmic Interrupter and is capable of giving Vibratory treatment as well. As the Institute is being closed down and the entire stock disposed of, the Government of India would be glad to know whether the Bowring and Lady Curzon Hospitals, Bangalore, could take over the above apparatus instead of purchasing a new and different apparatus in the open market..

3. As regards arrangements for inspection and maintenance of the apparatus mentioned above, the Government of India consider it unlikely that the services of the X-Ray Expert of the International General Electric Company will not be made available merely on account of the fact that the apparatus was not purchased from that Company. The same

Company

Company has on occasions given expert advice on apparatus at the X-Ray Instituate at Dehra-Dun and at certain other places, although the apparatus was not purchased from them.

4. Apart from technical considerations, the comparatively low price of the apparatus available in the X-Ray Institute is also a recommendation in favour of its purchase, and the Government of India would be glad to have your views on this matter as early as possible.

Proposal to purchase a Wantz Multi-Wave Generator.

Sir,

S.N.10 B

S.N.9 A.

With reference to your No.7929/363-1929,dated the 20th October 1930, forwarding copy of Government of India Memorandum No.F-360-A/30,dated the 24th.September 1930,I have the honour to inform you that the Wantz Multi Wave Generator was obtained by me from the International General Electric Co. and kept for trial in the Electrical Room. It has been used for a large number of patients and proved satisfactory during over six months.

The Instrument offered to us from Dehra Dun is un-neces-sary, as we already possess apparatus capable of giving the service of that instrument, and we do not desire any other of the same kind. The Company has given me a letter explaining in electrical terms the uses of their instrument, and it offers advantages and uses which the Dehra Dun apparatus does not do. I have therefore not asked to be supplied with the instrument from Dehra Dun.

I have the honour to be

Sir,

Your most obedient servant,

J McPherson

Lt-Col.,I.M.S.,

Residency Surgeon, Bangalore.

Subject:-
Purchase of a Wantz Multi Wave Generator.

Sir,

S.N.14 (E)

With reference to your Memorandum No.1411/363-1929, dated the 26th. February 1931, conveying the sanction of the Government of India for the purchase of a Wantz Multi-Wave Generator, I have the honour to inform you that,agreeably to the Statement of Excess and Savings submitted to you under my No.3090/30, dated the 19th. February 1931, there is no amount available under the head "Account III-Medical & Public Health-A-Medical Hospitals & Dispensaries-A-6-Other expenses".

161/29 (Put up separately)

On the other hand we require Rs 2,244/- approximately to meet expenditure under "Diet of Patients" and approximately Rs 200/- for furniture and Rs 459/- for "Office expenses and Miscellaneous".

But I have reserved under Probable Expenditure for equipment of new Isolation Hospital Rs 1000/- to meet the cost of Furniture and Crockery for the Matron and Nurses of the new Isolation Hospital. If it is not possible to get the sanction of the Government of India for the equipment of the Matron and Nurses' Quarters of the new Isolation Hospital with Furniture and Crockery within this Official year, a sum of Rs 1000/- out of the amount sanctioned for this purpose may be utilized for the purpose of purchasing the Wantz Multi Wave Generator. The Pay & Accounts Officer,Bangalore, may then be asked to find out if a balance of Rs 1400/- may be available from other heads of the Civil & Military Station of Bangalore Budget so that

the sanction

the sanction of the Government of India for the purchase of this Generator may be availed of and the amount paid during this Official Year

I have the honour to be

Sir,

Your most obedient servant,

Colonel., I.M.S.,

Residency Surgeon, Bangalore.
